1. Introduction

1.1 Purpose

This manual describes how to use the **AI-Wakeel AI-Shamel Order Management System (OMS)** - a web application for selling premium phone accessories online and managing orders, inventory, and business reports.

1.2 Intended Users

Role	Description
Customer	Browses products, places orders, and manages their account
Administrator	Manages products, customers, orders, and sales reports
Retail Salesperson	Views sales performance and customer orders
Warehouse Manager	Manages stock levels and inventory check-ups

1.3 Live System Access

Component	URL
Website (Frontend)	https://alwakeel-alshamel.vercel.app
API (Backend)	https://oms-api-23gt.onrender.com

Note: The backend runs on Render's free tier. If the site has been idle for 15+ minutes, the first action may take up to one minute while the server wakes up.

2. System Overview

2.1 Main Features

- Online product catalogue (chargers, earphones, power banks, phone cases)
- Shopping cart and secure checkout
- Payment by **Credit Card** or **Cash on Delivery**
- Automatic **FedEx Express** shipping on all orders
- Email verification for new customer accounts
- PDF invoices and order confirmation emails
- Role-based dashboards for Admin, Sales, and Warehouse staff
- Mobile-friendly layout with a collapsible navigation menu ((menu))

2.2 User Roles and Access

Each user account is assigned one role. After login, you only see the menus and pages allowed for your role.

Customer	-> Products, Cart, Orders, Profile
Retail Salesperson	-> Sales Dashboard, Orders
Warehouse Manager	-> Products (view), Inventory, Warehouse Dashboard
Administrator	-> Admin Panel (Dashboard, Products, Orders, Customers, Reports)

3. Getting Started

3.1 Supported Browsers and Devices

- **Browsers:** Chrome, Edge, Firefox, Safari (latest versions recommended)

- On mobile, tap the **(menu) menu** icon in the top bar to open navigation links

3.2 Demo Accounts (Testing)

The system includes pre-configured demo accounts. All use the same password:

Password: DemoPass!123

Role	Email	Login Page
Customer	customer@demo.local	Main Login
Administrator	admin@demo.local	Admin Login (/admin/login)
Retail Salesperson	sales@demo.local	Main Login
Warehouse Manager	warehouse@demo.local	Main Login

3.3 Logging In (Customers and Staff)

1. Open the website: <https://alwakeel-alshamel.vercel.app>
2. Click **Login** in the top-right corner.
3. Enter your **email** and **password**.
4. Click **Sign In**.
5. You are redirected to your role's home page (e.g. Products for customers).

Administrators must use the separate admin login:

- From the main login page, click **Admin Login ->**, or go directly to /admin/login.

3.4 Logging Out

Click **Logout** in the top-right corner. You will be returned to the login page.

3.5 Creating a New Customer Account

1. Click **Sign Up** on the home page or login page.
2. Fill in:
 - Full name
 - Email address
 - Phone number
 - Delivery address
 - Password (and confirmation)
3. Click **Create Account**.
4. A **verification email** is sent to your inbox.
5. Open the email and click the verification link, or copy the link into your browser.
6. After verification, log in and start shopping.

Important: You must verify your email before you can use the cart or place orders.

If you do not receive the email:

4. Customer Guide

4.1 Home Page

The home page introduces AI-Wakeel AI-Shamel and provides:

- A **Browse Products** button (requires login)
- Product category highlights
- Links to **Sign Up** and **Login**

4.2 Browsing Products

1. After logging in, click **Products** in the navigation (or (menu) menu on mobile).
2. Use the **search bar** to find products by name.
3. Use the **category filter** (All, Chargers, Earphones, etc.).
4. Click a product card to open **Product Details**.
5. On the details page, review description, price, and stock level.

4.3 Adding Items to the Cart

1. On the Products page, click **Add to cart** on any in-stock item.
2. Or open a product's detail page and add from there.
3. Click the **cart icon ((cart))** in the top bar to open your cart.
4. The badge on the cart icon shows the total number of items.

4.4 Managing the Shopping Cart

On the **Shopping Cart** page you can:

Action	How
Change quantity	Use - and + buttons
Remove an item	Click the (delete) (trash) icon
Review totals	See subtotal, FedEx shipping (Free), and total

Shipping: All orders ship via **FedEx Express** (estimated 3-5 business days). Shipping is free.

Checkout follows four steps shown at the top of the page:

Cart -> Payment Verification -> Order Confirmation -> Invoice

Step 1 - Cart (Order Details)

Select a **Payment Method**:

- **Credit Card** - pay online now
- **Cash on Delivery** - pay when the order arrives

If paying by **Credit Card**, enter:

- Cardholder name
- Card number
- Expiry date (MM/YY)
- CVV

For testing, you may use: 4111 1111 1111 1111 with any valid future expiry and CVV.

3. Click **Proceed to Payment Verification**.

Step 2 - Payment Verification

- For card payments, a short verification screen simulates payment processing.
- Wait for the countdown or click **Proceed** when ready.
- For Cash on Delivery, this step confirms your order details.

Step 3 - Order Confirmation

- You see your **Order ID**, total amount, payment method, and FedEx tracking number.
- A confirmation email with a PDF invoice is sent to your registered email.

Step 4 - Invoice

- View the full invoice on screen.
- Options: **Download PDF**, **Print**, or return to **Order History**.

4.6 Order History

- 1.** Click **Orders** in the navigation.
- 2.** View all past orders with:
 - Order ID and date
 - Status (e.g. Shipped)
 - Items and prices
 - Payment method and FedEx tracking number
- 3.** Filter by status using the dropdown (optional).
- 4.** For each order you can:
 - **View invoice** - opens the invoice page
 - **Download PDF** - saves the invoice file

4.7 My Profile

1. Click **Profile** in the navigation.
2. View your account details: email, phone, address, and order statistics.
3. **Edit profile:** update name, phone, or address -> click **Save Changes**.
4. **Change password:** enter current and new password -> click **Update Password**.
5. **Email verification:** if not verified, use **Resend verification email**.

5. Administrator Guide

Administrators use a separate **dark-themed Admin Panel** with its own navigation bar.

5.1 Accessing the Admin Panel

1. Go to <https://alwakeel-alshamel.vercel.app/admin/login>
2. Log in with an Admin account (e.g. admin@demo.local).
3. You are taken to the **Admin Dashboard**.

5.2 Admin Dashboard

The dashboard shows:

- Summary cards (orders, revenue, etc.)
- Recent orders list
- Quick overview of business activity

Click **Refresh** to reload the latest data.

5.3 Product Management

Navigation: Admin Panel -> **Products**

Task	Steps
View all products	Scroll the product table; use search to filter
Add a product	Fill in the Add / Update form (Product ID, Name, Category, Price, Stock, Description, Image URL) -> Save product

Task	Steps
Edit a product	Click the (edit) (edit) icon on a row - form fills with that product's data -> modify -> Save product
Delete a product	Click the (delete) icon -> confirm deletion

Image URL tip: Use paths like /images/products/charger.jpg for images stored in the website's public folder.

5.4 Order Management

Navigation: Admin Panel -> **Orders**

- View all customer orders in a read-only table.
- Columns: Order ID, Customer, Date, Total, Payment, Shipping (FedEx tracking), etc.
- Use **search** to find orders by ID or customer email.
- Orders are **fulfilled automatically** via FedEx after checkout - no manual status changes are required.

5.5 Customer Management

Navigation: Admin Panel -> **Customers**

- View registered customers (email, name, phone, address).
- Use the **search box** to find customers by name or email.

5.6 Sales Reports

Navigation: Admin Panel -> **Reports**

- View **daily sales** breakdown (orders and revenue by date).
- View **orders by status** summary.
- Use reports for business analysis and record-keeping.

6. Retail Salesperson Guide

6.1 Sales Dashboard

Navigation: After login -> **Sales** (or Sales Dashboard)

Shows:

6.2 Viewing Orders

Navigation: **Orders** in the top menu

- Read-only list of all customer orders.
- See payment method, FedEx shipping details, and order totals.
- Use this page to answer customer enquiries and monitor sales.

Sales staff cannot modify orders or approve payments - orders are processed automatically at checkout.

7. Warehouse Manager Guide

7.1 Warehouse Dashboard

Navigation: After login -> **Dashboard**

Shows:

- **Low stock** alerts (products at or below threshold)
- **Recent inventory activity** (stock received, check-ups, order deductions)

7.2 Inventory Management

Navigation: **Inventory** in the top menu

Receive Stock

1. Select a **product** from the dropdown.
2. Enter the **quantity** received.
3. Add an optional **note** (e.g. "Supplier delivery #4521").
4. Click **Receive**.
5. Available quantity and product stock level increase automatically.

Log Check-up

1. Select an **inventory location** from the dropdown.
2. Add an optional **note**.
3. Click **Log check-up**.
4. The **Last Check-up** date is updated for that inventory row.

View for each product:

- Warehouse location
- Quantity available and reserved
- Last check-up date

7.3 Viewing Products

Warehouse managers can open the **Products** page to see the catalogue and stock levels (read-only; product editing is done by Administrators).

8. Troubleshooting

8.1 Common Issues

Problem	Likely Cause	Solution
Page loads slowly	API server waking from sleep (Render free tier)	Wait 30-60 seconds and refresh
"Failed to load profile" or blank data	Stale login or wrong API connection	Log out and log in again
Cannot access Cart or Checkout	Email not verified	Verify email via link, or resend from Profile
Login fails for demo accounts	Typo in email/password	Use exact emails from Section 3.2 and DemoPass!123
Credit card payment rejected	Invalid test card details	Use 4111 1111 1111 1111, future expiry, valid CVV
No verification email	SMTP not configured or spam filter	Check spam; contact administrator
Products show zero stock	Inventory depleted	Warehouse manager receives stock, or admin increases stock level
Menu links not visible on phone	Navigation collapsed	Tap the (menu) icon in the top bar

8.2 Clearing Browser Session

If you experience persistent errors after deployment updates:

1. Click **Logout**.
2. Clear browser cache or open the site in a private/incognito window.
3. Log in again.

8.3 Getting Help

For technical support related to this deployment, contact the system developer or your course instructor with:

- Your role and email used to log in
- The page where the error occurred
- A screenshot of any error message
- Approximate date and time of the issue

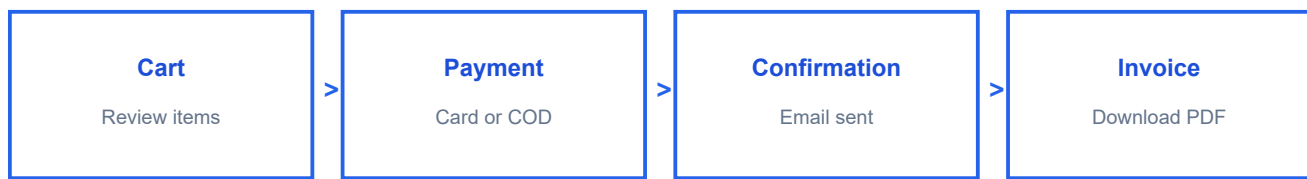

9. Appendix

9.1 Glossary

Term	Definition
OMS	Order Management System
SKU / Product ID	Unique code for each product (e.g. P-CHARGER-01)
COD	Cash on Delivery - payment collected when the order is delivered
FedEx Express	Courier service used for all shipments in this system
JWT	Secure token used to keep you logged in between pages
Invoice	PDF document listing order items, totals, and payment details

9.2 Pre-loaded Demo Products

Product ID	Name	Category
P-CHARGER-01	Fast Charger 20W	Chargers
P-EARPH-01	Wireless Earphones	Earphones
P-PBANK-01	Power Bank 10000mAh	Power Banks
P-CASE-01	Phone Case (Clear)	Phone Cases

FedEx order created automatically after checkout. Order status: Shipped.

9.4 Document Revision History

Version	Date	Changes
1.0	June 2026	Initial user deployment manual for production
